THE TEAM BEHIND NAMAHA

With over seven decades of dedicated experience in women's healthcare, Ramaben Hospital, Navsari, is a respected medical landmark in South Gujarat. Continuing the founder's vision over three generations, the Kapadia family now joins hands with one of Mumbai's most progressive business houses, Shree Naman Group, bringing you Mumbai's first super-speciality hospital.

WHY NAMAHA

Sensing a paucity of dedicated healthcare establishments for women, we have channelled our vast experience into developing Mumbai's first multi-speciality, tertiary care centre. We hope to be a one-stop-shop for the healthcare needs for women of all ages, from adolescent health to geriatric care.

At Namaha, you will find meticulously chosen faculties, hassle free functionality and warm comfortable, elegantly designed spaces.

WHAT WE OFFER

60 indoor beds including single rooms, twin sharing rooms, general wards and suites

Well equipped MICU, SICU and NICU and Dialysis

Fully equipped Pathological and Radiological diagnostic facility

State-of-the-art Cosmetology unit tackling problems of skin, hair and weight loss

Elegant and modern design, aimed at making the patients and their families comfortable and hasten recovery and rehabilitation

Comprehensive Obstetric and Gynaecological care, including advanced labour and delivery suites, 5D Ultrasonography, IVF and Fetal medicine

Four state-of-the-art Operating Theatres with Karl Storz OR-1, Dräger pendants and anaesthesia equipment, advanced vessel-sealing devices for laparoscopic and open surgeries

In-house cafeteria with in-room dining, a specialised merchandise store and many thoughtful, personal details to make it a warm and inviting space

Yoga and Aerobics studio

Cardiac Care - Angiography, Angioplasty, Open Heart Bypass Surgery, Advanced MICU, SICU
